Enneagram is a symbol intended for the evolution of the human consciousness. It supports human awareness through self-knowledge and understanding of others. Its body of knowledge is an incredible concentration and integration of philosophical and mathematical insights of various historical cultures, traditions and epochs.

Aura-soma® is It is a non-intrusive self-selective color care system in which color is the key and can be utilised by everyone. Aura-Soma is an ancient knowledge reborn; it reveals our most deeply hidden aspects in a way that we can understand accept and grow with. It provides us with an opportunity to discover the special gifts and talents that lie within.
